

LISTING OF THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) An external medicine[[s]] for treating ~~dermatitis atopic~~ dermatitis and psoriasis vulgaris [[:]] wherein the external medicine is an aqueous solution comprising:

~~a cyclodextrin including an adrenocortical steroid is dissolved in an aqueous solution containing polysaccharide;~~

0.025 to 0.5% by weight of the adrenocortical steroid,

0.2 to 30% by weight of the cyclodextrin, [[and]]

0.5 to 55% by weight of a dextran or pullulan ~~are comprised;~~ and

0.5 to 55% by weight of each xyloglucan, trehalose, laminaran, krestin, and pectin ~~are blended;~~

~~and the aqueous solution comprises~~ and wherein the medicine then further comprises at least one grape sugar, mutan, lentinan, sodium chloride, and potassium chloride.

2. (Canceled)

Please add the following new claims:

3. (New) The external medicine for treating dermatitis according to claim 1, wherein the aqueous solution further comprises at least said grape sugar and said sodium chloride.
4. (New) The external medicine for treating dermatitis according to claim 1, wherein the adrenocortical steroid is included in the cyclodextrin.
5. (New) A method of treating dermatitis with an external medicine, wherein the external medicine is an aqueous solution comprising:

0.025 to 0.5% by weight of the adrenocortical steroid;
0.2 to 30% by weight of cyclodextrin;
0.5 to 55% by weight of dextran or pullulan; and
0.5 to 55% by weight of each of xyloglucan, trehalose, laminaran, krestin and pectin,
and further comprising at least one selected from the group consisting of grape sugar,
mutan, lentinan, sodium chloride and potassium chloride.

6. (New) The treatment method according to claim 5, wherein the dermatitis is selected from the group consisting of atopic dermatitis, seborrheic dermatitis, psoriasis vulgaris, eczema and acne.
7. (New) The treatment method according to claim 5, wherein the dermatitis is selected from the group consisting of atopic dermatitis and psoriasis vulgaris.
8. (New) The treatment method according to claim 5, wherein the aqueous solution further comprises at least said grape sugar and said sodium chloride.
9. (New) The treatment method according to claim 5, wherein the adrenocortical steroid is included in the cyclodextrin.
